

# Yann Yvon PLANTON

NOAA Office of Oceanic and Atmospheric Research Pacific Marine Environmental Laboratory  
7600 Sand Point Way NE, Seattle, WA 98115

## **Research interests**

- ✓ Seasonal prediction of ENSO: influence of heat content, wind burst, asymmetries between El Niño and La Niña
- ✓ How to best evaluate ENSO in climate models? Key aspects, observations, simulation length, ...
- ✓ Evolution of ENSO with climate change

## **Research experiences**

- ✓ 2019 to present **NRC research associate at NOAA – PMEL** (Pacific Marine Environmental Laboratory, part of the National Oceanic and Atmospheric Administration) – Seattle, USA
  - Conducting original research related to the ENSO prediction
  - Analysing CMIP3, CMIP5 and CMIP6 models
  - Developing the [ENSO metrics package](#) with the [CLIVAR Pacific Region Panel](#)
  - Publishing in peer-reviewed scientific journals and presenting results at conferences
- ✓ 2016 to 2019 **Postdoctoral research position at IPSL – LOCEAN** (oceanography and climate laboratory, part of the Institut Pierre Simon Laplace) – Paris, France
  - Conducted original research related to the ENSO
  - Analysed CMIP5 models
  - Ran the coupled model “CNRM-CM5” and developed sensitivity experiments
  - Contributed to the pilot technical implementation of an ENSO metrics package independent of the software infrastructure
  - Published in peer-reviewed scientific journals and presented results at conferences
  - Contributed to the Belmont forum project [GOTHAM](#)
- ✓ 2012 to 2015 **PhD student at CNRM** (research centre of Météo-France – French meteorological service) – Toulouse, France
  - Conducted research related to physical processes of the Atlantic cold tongue interannual variability
  - Ran the ocean model “NEMO” and evaluated its performance (intercomparaison with observations and reanalysis)
  - Developed new diagnostics in NEMO
  - Participated in the PIRATA annual oceanographic campaign (2014)
  - Published in peer-reviewed scientific journals and presented results at conferences
  - Contributed to the European project [PREFACE](#)
- ✓ 2012 (6 months) **research internship at COAPS** (center for ocean-atmospheric prediction studies) – Tallahassee, USA
  - Evaluated the performance of the ocean model “HYCOM”
  - Found the main sources of errors and proposed some ideas to correct them
  - Performed diagnostics requested by the CORE project collaborators
  - Contributed to the WCRP project [CORE – Phase II](#)

## **Education**

- ✓ 2015 **Ph.D ocean, atmosphere and land surface**, Université Paul Sabatier, Toulouse, France
- ✓ 2012 **M.S. Environmental Fluid Mechanics**, Université Joseph Fourier, Grenoble, France
- ✓ 2010 **B.S. Mechanics and Engineering**, Université Joseph Fourier, Grenoble, France

## Special skills

- ✓ Languages: French (mother tongue), fluent English, notions of German
- ✓ Programming skills: Fortran, IDL, MATLAB, python, Unix/Linux
- ✓ Scientific skills: large dataset analysis (CMIP3, CMIP5, CMIP6), statistical analysis, numerical modelling (experience with CNRM-CM5, HYCOM and NEMO models and with NetCDF file format), mixed-layer heat budget, ocean-atmosphere interactions

## Major oceanic cruises

- ✓ PIRATA FR24 oceanographic campaign (April 2014) in the East Tropical Atlantic aboard the N/O Le Suroit. Work including XBT and CTD measurements, and ATLAS mooring maintenance

## Communications

- ✓ Oral (2021): AMOS Annual Conference: science for impact, Melbourne (Australia), online
- ✓ Oral (2020): AGU Fall Meeting, San Francisco (USA), online
- ✓ Oral (2019): AGU Fall Meeting, San Francisco (USA)
- ✓ Poster (2019): AGU Fall Meeting, San Francisco (USA)
- ✓ Seminar (2019): Laboratoire de Météorologie Dynamique (LMD), Paris (France)
- ✓ Seminar (2019): Laboratoire d'Océanographie et du Climat – Expérimentations et Approches Numériques (LOCEAN), Paris (France)
- ✓ Oral (2019): CMIP6 Workshop, Bordeaux (France)
- ✓ Poster (2019): EGU general assembly, Vienna (Austria)
- ✓ Poster (2019): CMIP6 Model Analysis Workshop, Barcelona (Spain)
- ✓ Seminar (2019): Lawrence Livermore National Laboratory (LLNL), Livermore (USA)
- ✓ Poster (2018): IV International Conference on El Niño Southern Oscillation: ENSO in a warmer Climate, Guayaquil (Ecuador)
- ✓ Oral (2018): EGU general assembly, Vienna (Austria)
- ✓ Seminar (2018): Laboratoire d'Etudes en Géophysique et Océanographie Spatiales (LEGOS), Toulouse (France)
- ✓ Seminar (2018): Centre National de Recherches Météorologiques (CNRM), Toulouse (France)
- ✓ Oral (2017): ENSO Complexity Workshop, Busan (South Korea)
- ✓ Poster (2017): Global Teleconnections in the Earth's Climate System, Potsdam (Germany)
- ✓ Seminar (2016): Laboratoire d'Océanographie Physique et Spatiale (LOPS), Plouzané (France)
- ✓ Seminar (2016): Laboratoire d'Etudes en Géophysique et Océanographie Spatiales (LEGOS), Toulouse (France)
- ✓ Oral (2015): PIRATA-PREFACE-CLIVAR TAV conference, Cape Town (South Africa)
- ✓ Poster (2015): PIRATA-PREFACE-CLIVAR TAV conference, Cape Town (South Africa)
- ✓ Poster (2015): EGU general assembly, Vienna (Austria)
- ✓ Oral (2014): PREFACE general assembly, Casablanca (Morocco)
- ✓ Poster (2013): CLIVAR TAV and PIRATA Meeting, Venice (Italy)
